

## CRICKET

I love cricket from whole of my heart,  
As if I know the game by heart.  
Let me introduce cricket,  
Which has ten wicket.

In cricket when someone is bowled,  
He does not know how to hold.  
It's a five-day boring game,  
Cricket is its name.

Test playing countries are nine,  
Which play cricket very fine.  
Played is classic cricket,  
Our aim is to get wicket.

One-day game is very exciting,  
It's fascinating and nail biting.  
It's played very fast,  
Hence its popularity is vast.

Runs are made more and more,  
By hitting sixes and four.  
Now I take some great name,  
Who've entered the hall of fame.

Sir Bradman was the greatest,  
Sachin made the runs fastest.  
Richards, Miandad and Lara the great,  
But Marshall's bowling is a threat.

This is all about the game,  
Wherever you go it's the same.
